Established in 1962, Rotary is making a difference in the lives of men, women and children throughout The Bahamas by providing basic necessities of life including clothing, electrical needs, shoes, a roof on a house and much more. Working together with community leaders, Rotary cuts through the beaurocratic red tape and allocates all the funds where they are most needed...into the community. We are a non-profit organization and we ensure that not a cent is spent on admnistrative and operating costs. Your support is needed and appreciated.
